

## **Penn State Glee Club 135<sup>th</sup> Anniversary and Hi-Lo's 90<sup>th</sup> Anniversary**

### **Rehearsal Learning Tracks**

To help learn the music we are using a clever App called *ChoralWorks*, created by Dr. Rob Natter, Director of Choral Activities at Gettysburg College. All you need is access to the web.

Thanks to Glee Club alum, Jonah Glunt, for creating these tracks.

### **Directions for Sheet Music and Learning Tracks**

Click on the following link which takes you to all of the sheet music for pieces for both the Glee Club and Hi-Lo's Massed Choirs:

Click on the piece you want to learn, and you will be directed to another page which shows the title of the piece and lists the individual voice parts.

Individual links to each part score and learning track are available on the following page.

### **To Hear All Parts**

Click on the large blue "Play" icon (triangle) and you will hear all of the voice parts sounding together.

### **Isolating Parts**

If you only want to hear an individual part, say Bass 2, click on Tenor 1, Tenor 2, Bass 1 and they will change color from red to green. Bass 2 remains green, and when you click on the "Play" icon, that is all you will hear. You can add or mute as many parts as you want.

### **Highlight a Part While Others Play**

Click on the star next to the part(s) you want to hear more prominently while all parts are playing.

### **Tempo**

Click on the red metronome icon and you will hear the metronome sound the beats

The BPM icon at the bottom right shows you the tempo. If you wish to make the track play slower or faster, click on the BPM icon and make the necessary adjustment.

### **Marking a Challenging Section**

If you encounter a tricky section that you want to revisit or save for future use, click on the third ribbon from the left with the "+" icon at the bottom and enter a name which will be saved. You can add multiple marks which appear by clicking on the second ribbon from the left at the bottom.

If you want to start directly at your saved mark, click on the "Play" icon ribbon at the bottom left.
